**Subject:** RE: Congressional disclosure on fraud and corruption in OCSPP

Thanks. I have not seen it in CMS yet but there is often a 2-3 day lag between the letter coming in and it getting processed and routed in CMS.

Cheryl -- See PEER's letter to Representative Ro Khanna alleging scientific integrity violations at OCSPP. If asked, I believe we have a good response readily available from Michal – i.e., that she

- affirms the importance of upholding scientific integrity in OCSPP – *see, e.g., her March 10 email and the desk statement for the Dicamba OIG report.*

We could also add – with Michal's permission -- that Michal

**Subject:** Congressional disclosure on fraud and corruption in OCSPP

Assistant Administrator Freedhoff:

Today, PEER filed a Congressional disclosure to Rep Khanna's office presenting evidence from four EPA scientists that we represent. The disclosure outlines disturbing evidence of fraud and corruption in OCSPP, involving deliberate tampering with chemical risk assessments conducted under TSCA, including PFAS, and the deletion of potential health effects without the knowledge or consent of the human health assessors.

We have also sent the information to the EPA IG. Attached you will find that disclosure.

Thank you for your attention to this matter and your willingness to address this issue.

Sincerely,

Tim Whitehouse, JD, MA
